Radio Communications of Charleston, Inc./FIRSTPAGE has an immediate opening to employ a 2-Way Radio & Wireless Radio Systems Service Technician.

This position is full time and the selected person will be expected to work 40 hours per week Monday thru Friday with some after-hours and overtime work. The job duties and qualifications for the position will consist of the following items:

- Troubleshooting and repairing of wireless radio systems
- System design & Preventative maintenance
- Utilizing radio test equipment and basic hand tools

The person selected for employment will be trained and paid a salary commensurate with experience. Company benefits will be available to full time personnel and include paid vacation time, health insurance benefits, paid holidays and access to our 401K PROFIT SHARING plan.

If you are interested in this excellent employment position, and if you have a clean driving record and valid drivers license and good customer service skills, please feel free to come by the RCC/FIRSTPAGE Goose Creek office and apply. Your application should reflect your most recent experience and technical expertise, several references, and your ability to work. If you're selected, we will schedule you for an interview.
