

IMPRES™ Smart Batteries and Chargers

**LIVES ARE ON THE LINE. DEMAND
THE ONLY BATTERY THAT TELLS YOU
HOW MUCH LIFE IT HAS LEFT.**

To police and fire personnel, radios are like a lifeline. They need durable, high-performance batteries they can count on to work a full shift and then some — just like they do. Fortunately, Motorola IMPRES™ Smart Batteries and Chargers won't let you down in the line of duty. IMPRES display chargers give you more than just a green light when the charge is complete. They tell you exactly how much capacity the battery has available — so you know how much talk time to expect. Combined with the rugged construction and Proven Tough performance you expect from Motorola, it all adds up to some much-needed peace of mind. And it's just another way Motorola puts Seamless Mobility in the palm of your hand. **HELLOMOTO™**
